## **IMPORTANT Headphones / Earbuds!!!**

The Year 7 & 8 children will be listening to podcasts as part of their Reading programme. Headphones or earbuds will be important so that we are not all listening in surround sound. If your child has a set of headphones or earbuds that they use at home it would be great if they could bring these to school with them. Thanks to those who have already thought about this and sent them along.

## **Seesaw - A window into the classroom**

We'll continue to share lots of our team's fun on Seesaw. We love it when you add comments to our posts. Please check with your teacher if you're having trouble connecting to the 2023 class Seesaw page.

## **Lost Property**

The Lost Property Box is located on the ramp up to Room 7 & 8. To assist with the safe return of items it would be appreciated if you could name your child's clothing. Unclaimed items are donated to charity at the end of each term.

## **PE**

We have timetabled PE daily; whether it be fitness activities or PE lessons. For this reason, we ask that your child(ren) brings appropriate footwear daily. For those children who cannot participate in PE for prolonged periods, we ask that a note to the teacher is provided (email is fine).

## **Snack Break and Water**

Water and food fuels the brain! The children are welcome to have a water bottle in class and will be encouraged to have a healthy snack break during the first session of the day. The children may fill up their drink bottles from the taps in the classroom.

## **Cellphones**

We understand that many children need their cellphone at school for personal arrangements and safety reasons before and after school and encourage them to bring their cellphone to school for this purpose. Once the children are at school the cellphones are handed in and are taken to the school

office. At the end of the day, we collect them and hand them back to the children. If you need to get a message to your children during the day, we ask that this is directed via the school office so that we can ensure the message gets through to the children.
